

HUGE LIQUIDATION EVENT

Tracey's Picks

1) Eco Pots

These great 6 inch pots are lightweight and offered in 4 trendy colors! I'd probably use inside for a small houseplant!

The BEST part about these pots is that they are biodegradable, so unlike other plastic pots, when you are done with them, they won't be in the landfill forever.

\$2

2) Tropicals/Houseplants

If you are interested...hurry in!! These seem to be one of the hottest items! I know why...I have shopped for houseplants before, and this is an INCREDIBLE buy! Original prices were anywhere from \$20-30! P.S. The ferns are gorgeous!!

\$5

3) Flags

Decorative flags in small and large sizes...all \$5. Buy one for yourself or as a gift. Perfect stocking stuffer if you're thinking ahead to Christmas. Cute designs to choose from that cover all the seasons!

\$5

4) Hollytone

If you are not fertilizing your trees and shrubs in the spring and fall, you should be! Here's a fantastic buy to keep your plants beautiful, healthy and happy! At these prices, there's no reason not to fertilize this fall. All sizes on sale, but buy the largest, fertilize now, store in a dry place, and you can use the rest the spring!! 20# bag just \$10...that's amazing!
